I Love You SaySay You will always be that special piece in my heart, and I mean that. I may have done a lot of things wrong, but one of them was letting you leave my side. I can never go back to that day but I will regret you going. I know you looking down and saying why nay and mommy and them not crying ! that's because we don't want anyone to see our hurt on the inside I LOOK UP TO THE SKY EVERYDAY ASKING GOD WHY DID HE TAKE MY LIL SPIDER MAN AWAY???? I can never forget the day me you an isyss was walking home from school and isyss called you her little boyfriend and you started to blush!! & so we were walking up the street and you said I love yall & we gave you a big hug & I remember that day me you, jamallra and her lil brother was together and yall kept playing (it was snowing) me and mallra was really cold & yall kept trying to throw us in the snow and was hitting us with snowballs Also when you and I, was in the room and you started to mess with me out of no where and I was like leave me alone, I didn't do anything & you was like I know im bored and I need somebody to mess with. I could not forget that day!!! & I started crying soo you stopped hitting me and you gave me a huge hud, and was like im soo sorry the only reason im hitting you so you can hit me cause when you get older and get a boyfriend I don't want you to let him hit on you. and when he said that it really meant something to me I thought he was hitting me because he wanted to and he didn't care buh I guess NOT im really missing you down here and im going to come see you really soon!!! I LOVE YOU SAQUAN AND ALWAYS WILL AND LIKE I SAID NOBODY WILL TAKE YOUR PLACE & WHEN I SAY NOBODY I MEAN NOBODY.

“ Dear family of Saquan,

I did not know your beloved child personally, but I would like to offer my sincere condolences to all at this time. The death of a loved one is especially difficult, but even more so when it is a child. I would like to share several Bible promises that have given me comfort during the very difficult time of trying to cope with the loss of a loved one. First, please be assured that our Heavenly Father feels for you at this sad time, 1 Peter 5:7 says that God cares for you. In fact Jehovah God cares so much for us that he has recorded in his word at 1 Corinthians 15:26 that death is an enemy. Yes our loving God calls death an enemy, in fact one that he says will be done away with. So then all those who have fallen asleep in death in the memorial tombs have the prospect of living again on a paradise earth never to be troubled by the things we cope with today Psalms 37:29 says: " The righteous themselves will possess the earth, and they will reside forever upon it."

Please take a moment and read John 5:28,29 here Jesus states : 'Do not marvel at this, because the hour is coming in which all those in the memorial tombs will hear his voice and come out..' Also at Isaiah 25:8 " He will actually swallow up death forever, and the Sovereign Lord Jehovah will certainly wipe the tears from all faces.." Can't you see that day when you and your family including Saquan's sisters can welcome little Saquan back with his fun loving spirit and joyous laughter of a child. Imagine him never ever having to fear water again, being able to enjoy God's creation of water and have pure fun swimming. Please hold the memories of your child close to your heart never let them go away and please pray for the fulfillment soon to come of all of our God's promises. Yes, as Revelation 21:3,4 says no more death, no more mourning, outcry nor pain the former things have passed away. Ask yourself where does death and mourning and pain occur - here on earth and that is where they will be done away with!

I hope this message provides some comfort to the family. If you would like to know more about God's promises for those sleeping in death and the earth, please contact any local Kingdom Hall of Jehovah's Witnesses and someone will be happy to share the

*Bible's hope with you.
