“ *Hello ! Swann's ! I would like to send my fellow feeling to you all. Senita was a very loving and giving person. Sharing wonderfull hopes of better times base on the bible was Senita life. We imagine the great joy to be had when the dead are resurrected back to life in a paradise earth, talking and huging and kissing them forever. I am very thankful to share the same scriptures of Hope and promises from the bible and comfort from our God Jehovah, 2 Cor.1:3. May all the many cherished and precious memories of Senita be a support to the family as we look forward to the time when Death Will be NO more, and can keep our refuge in our creator of all things.##imported-begin##Lillian Crosby##imported-end##*

“ *Dear Swann Family, We were so saddened to hear of the loss of Senita. We always remember her as a cheerful and positive person. She had faith in all the loving Bible promises. She knew enemy death will one day be destroyed.(1 Corinthians 15:26) She had faith in Psalm 68:20- "The true God is for us a God of saving acts; And to Jehovah the Sovereign Lord belong the ways out from death." May we all continue faithful so we can greet her in paradise earth when she returns.##imported-begin##Joe and Sharon Hill##imported-end##*

“ To the Swann family, I send my deepest condolences. Although I didn't know sister Swann, I look forward to meeting her in Jehovah's paradise. Death really hurts us like no other event, but it's comforting to know that the dead are sleeping in Jehovah's memory, and one day soon Jesus will awaken them from those memorial tombs. John 5:28,29. One day instead of obituary columns, we will be reading of all the names in the resurrection columns. Meanwhile, as servants of Jehovah, may we all continue to have plenty to do in the work of the Lord, knowing that our labor is not in vain in connection with the Lord. May Jehovah continue to comfort you during this sad time, and may the memories you shared with Senita bring many smiles to your faces in the days ahead.##imported-begin##R Johnson##imported-end##
