“ I will always remember her smile everytime I saw her she had a smile on her face. My son Joseph and Tasia became best friends when we moved to the halethopre area he and she were unseperable, then we moved away but they still stayed in touch with eachother, she was always there for him, when he was involved in a bad car accident in May 2007 Tasia was right there. He still has this big poster board she brought to the hospital that she got some of his school mates to sign it meant so much to me and my family to know that someone cared enough to take time out of there day to do that. I will truly miss her she was a beautiful person and I will never forget her kindness. Ms. Marjorie or Ma that's what she always called me.
