“ *Hello ! Kesler's ! I would like to send my condolences to you all in your recent 5 month lost. Losing a dear love one breaks the circle of life for all. Our heavenly father cares dearly about how you all are feeling, 1 Peter5:7, and is always there with comfort 1 Cor.1:3. Ms. Viola lived a long life for almost 86 years, wonderful. The bible gives us the happy hope that soon in the future mankind will be able to live forever, GREAT NEW. I am looking forward to that and I know you all are too. No more sickness, old age, pain, sorrow, hearing and seeing problems,crime,poor housing,etc. What a world to live in. May all the many cherished and happy times shared with Ms. Viola help to support you all on the journey of life ahead.##imported-begin##Lillian Crosby##imported-end##*

“ I wish to extend my heartfelt sympathy to the family at this difficult time. The bible gives us a wonderful hope of seeing our loved ones again, because John 5:28,29 promises that one day all those in the memorial tombs will hear the voice of Jesus calling them back to life everlasting. May you find much comfort and strength in the promises of our loving heavenly father, Jehovah.##imported-begin##R Johnson##imported-end##

“ To the family. I could not imagine such a loss, so I ask that you please accept my wholehearted condolences, knowing that I surely could not fully understand how you feel. I would just like to leave you with a comforting scripture that gives us not only hope for the future, but also some relief in our time of mourning. John the 5th chapter, verses 28 and 29 says, "Do not marvel at this, because the hour is coming in which ALL those in the memorial tombs will hear his (Jesus Christ) voice and come out." Yes, in the very near future we will have the wonderful opportunity to welcome our dead loved ones who have fallen asleep in death back to life, right here on a paradise earth. (Psalm 37:10, 11, 29) May the words found in the Bible ease your pain as we await the fulfillment of these promises.##imported-begin##Sausha S.##imported-end##
