September 13, 1957 - June 27, 2004

Wanda Denise McNeill, daughter of Doris McNeill and the late Roosevelt McNeill was born on September 13, 1957 in Baltimore, Maryland. She passed into eternal rest on June 27, 2004. Wanda received her education in Baltimore City public schools. Upon completion of high school, she later went on to further her education where she received a certificate in Business Education. Wanda started her work career at the FBI Department, Baltimore City Judicial System and was later employed by the State of Maryland as a secretary for many years. Wanda met Leslie Magginson and out of this union two children were born, Tamika and LaToya. Wanda was a loving and caring mother who had a very special relationship with her two daughters, Tamika and LaToya. Wanda was a proud mother of her girls and cherished them very much. She had a special bond with her mother, who she loved unconditionally and a very special relationship with her niece, Tinisha, who she cherished and considered her own. She leaves to cherish her memory: two daughters, Tamika and LaToya Magginson; mother, Doris McNeill; two sisters, Diedra McNeill-Gibson and Jacqueline Lee; brother, Gregory McNeill; god-child, Shannon Bush; brother-in-law, Richard Gibson; sister-in-law, Andrea McNeill; two aunts, Deborah Regan and Laura Wilkins; nieces, nephews, a host of other relatives and friends.

“ Happy bithday Wanda Today you turned another year younger, thats what we say when we reach our age. It's been awhile since I wrote you but I'm here now. Everyone is fine, we hope you are too. I have been reading your mail and every one has remembered your birthday. I guess you will see your flowers that's being put out for you today, some of the family wanted to brighten you up today. Scooter, he's at home not doing good today, he gets sad when remembering you, as for me, I remember you in my own way. Your kids are doing fine, Toya still crazy but working had to be what she wants to be. Mika is still Mika, going to make it but lives one day at a time. I guess she has her hands full with that baby of hers, he's a big little man (looked one when he was born,long with big hands) Maybe that mean he's going to make big money for them. (basketball player) I hope he remembers his auntie. Hey I was suprise when reading your page I saw that Sharon, had visited you. I think what she had to say was really good. I'm glad she had gotten herself together. Sharon, if by chance you read this, I what you to know that you are not alone you do have family. The door is open to you whenever you want to enter it. The past is the past, the future is still to come. I have included my email, use it if you want, the family do alot of things together, so can you. As for the rest of my family, I love you all, lets not wait until this point to tell each other or show each other.Scooter, you have two more sisters left, we are here for you, remember that. As for you boo-ga- lou, you know I'm here for you( at the market--Ha,Ha). Family, IT'S A FAMILY REUNION, LET'S GET IT TOGETHER.##imported-begin##Deidra##imported-end##

“ Saying goodbye is never easy It's the hardest thing to do But what hurts even more Is not the chance to say it to you. Yesterday is just a memory Our laughter was sunny and bright Then clouds started to gather For you were no where in sight. You were my oldest sister And this I will never forget How you left without a warning No good-byes, my only regret. If again I must go there And experience all the pain I would do it in a minute To here you say my name. No matter what my wrongs You offered only love Until the day you left me For your new home up above. I know you still are with me Your love is within my heart Though life is no longer present Our souls will never part. This is given to you in honor Of all that we did share I just wanted you to know, WANDA, How much I really did care.##imported-begin##SCOOTER##imported-end##

“ Hey, Wanda. I have had Red Lorsey on my mind, and I just finished looking through the good 'ole photo albums at pictures of you and her. I was at this site looking for her Guestbook so that I could express my thoughts about her but I was unable to find hers. I also thought that I would pay you a visit. I thought that I would just stop by to simply say "hello". She would always say that she and my mother were able to acquire many pairs of shoes because they would have you as a baby with them. lol It has been a while since I last visited your Guestbook. It is extremely hard to believe that this year marks 6 years since your sudden passing. I still have the image of you with a cup of ice and a bag of popcorn so vividly in my head. Not ot mention the image of your smile. I was cleaning out my yahoo mail recently and came across many emails from you that I had archived. I was laughing because I looked and saw that many were back to back. Did you do any work at work? lol I guess I did not either because I replied, huh? I am such a sentimental woman when it comes to stuff like that--I will never delete them. What can I say. I have thought of you and many others that have passed over the years especially in the last week or so. The death of one loved-one tends to do that to me. I am not sitting here totally sad though. I laugh at old pictures and reflect on the past. It is funny how fashion makes its rounds though. Some of my mom's outfits in these old pictures, I can see Pooh wearing now. Continue to look down and watch over the family, especially your girls and your grandson. With your constant guidance, they will continue to prosper. Until next time..... -Your cuz, Tonya##imported-begin##Tonya Watkins##imported-end##

Its coming up on two years now and some days it feels like yesterday. It's been too long now and I'm lost without you. I need you and I miss you. Holidays don't feel the same, I don't think they ever will. I'm so use to just me, you, and toya that it just don't feel the same anymore. Thank god for Tuttie kids because they made my christmas a little better. You would love Zyare she is a funny little girl. I'm trying my best to be strong but some days I feel so weak. I don't think this pain is ever going to go away. I know that your in heaven and that your watching over me and toya everyday, so thanks, you are my special angel, and I thank god for your life and for blessing me with a wonderful mother. I know one day we will meet again, and the first thing I'm going to do when I get to heaven is look for you, I know you will be waiting for me, so until we meet again, Thank You and I Love You. Mika and Toya are doing very well and I think you would be very proud of them. And for me it has been seven months since you passed, but I still expect the phone to ring and here your voice. One thing I can say for sure is that I will never forget about you. So until the next time I write RIP. Love You Always, SCOOTER##imported-begin##Scooter##imported-end##

“ As I sit here and think about the times we shared, Your laugh, Your Smile, Your Voice, Your Hair. How you would go to work, early in the morning, then call me and Toya just to say, "What ya'll doing"? Then you would come home and cook us some food, and the three of us would sit on the couch, laughing acting a fool. You see it's the LITTLE things, that I miss so much, If only God could grant me, one Hug or Touch. You was my Mother, my World, my Heart, For you to not be here, it's tearing me apart. So until we meet again, I say this to you, I Love You and I Will Always Miss You too. RIP##imported-begin##Tamika(Daughter)##imported-end##

“ Wanda, my cousin, it still seems all too unreal. It is hard to believe that you are no longer with us. We would e-mail one another nearly everyday from work. Sometimes it was so frequent it was as if we were instant messaging one another. I am most grateful for each and every moment I was able to spend with you. I am thankful for every amusement park trip every cook-out, every e-mail and every phone call. I used to see you often at the Hopkins metro station. You would be leaving the station and I would be about to board. We'd stop and chat. Each time I saw you, you greeted me with a smile. I cherish the memories of the ski trip the last weekend in February and the pre-Mother's Day dinner at your place. There is a very special place in my heart for you. I take comfort in knowing that you are above looking down on all of us. I also take comfort in knowing that you will be there forever watching over your girls and helping them get over life's hurdles. Rest in peace!###imported-begin###Tonya Watkins###imported-end###

“ *I'll Be Waiting By: Cathy Henrie I made little bees To make honey that's sweet, So that my children Could have a treat. I bent the trees A certain way, Then sent a breeze So they would sway. I made the sand And oceans too, A beautiful rainbow In a sky of blue. The fragrance of a flower I would carefully prepare, And every detail of creation I intended to share. And I pictured you And how you would be, And I made you Just for me. I chose your moment to come And your time to go, I have nourished you Made you blossom and grow. And you did bear fruit That we will share, You have nurtured the blossoms I put in your care. And as you look back Down memory lane, I want you to know Your greatest gain. It's your memories of harder times That you can look back on today, And truly cherish In a special way. Memories of pleasure Memories of strife, Opportunity for Me To work in your life. And the love of your children In a beautiful way, As it blossoms more With each passing day. The love of your family Of each and every friend, That will be with you Til the very end. And when your new life Will finally begin, Those memories and that love Will be deep within. For no thorns or thistles Have hindered the way, My roots have grown deeper With each passing day. And I AM the potter And you are the clay, I have made you perfect, In every way. And what you have reaped You will sow, And you have helped many Hearts to grow. So please don't ever Be afraid to die, You'll never hurt You'll never cry. You'll see this world With all it's strife, But you'll want to go on And live you're life. For the angels will be singing With one accord, And you'll see Me You're Savior and Lord. And you'll be reaching Out to Me, And there'll be so much Love that you'll see. You will feel My presence Gaze at My face, Overflow with My love And be filled with My grace. I will hold you tight We'll walk hand in hand, And My lovingkindness Will flow through the land. Heaven is wonderful And you'll want to stay, For you'll be by My side Day after day. So I'll be waiting Until that day, When you see My Glory Coming your way. So please don't ever Be afraid to die, For you will be With God on high.##imported-begin##Robin D. Jenkins##imported-end##*

“ *THAT WONDERFUL MOTHER OF MIND The moon never beams without bringing me dreams Of that wonderful mother of mine. The birds never sing but a message they bring Of that wonderful mother of mine. Just to bring back the time, that was so sweet to me Just to bring back the days, when I sat on her knee. I pray every night to our Father above, For that wonderful mother of mine. I ask Him to keep her as long as He can That -- wonderful mother of mine. There are treasures on earth, that made life seem worthwhile, But there's none that can compare to my mother's smile. You are a wonderful mother, dear old Mother of mine. You'll hold a spot down deep in my heart, Till the stars no longer shine. Your soul shall live on forever, On through the fields of time. “ *I never thought about death until the day you left our lives. I never knew how hard it would be or how many tears would be cried. But on that June day, when fate knocked us to the ground, We found out what loss really was as you was heaven bound. It's going on two years now, and your memories we hold so dear, We miss you so much Mom, and wish that you were still here. If I could have one single wish, I'd wish for days long past. The days when you were home those days that move too fast. The days when we were young, and you held us close to you. You kissed our cheeks and sang us songs, From your heart with a love forever true. Mom I know I can't change a thing, or bring you back to me. But know deep down inside my heart, I'm happy that you are finally free. Rest In Peace##imported-begin##mika##imported-end##*

“ Wanda: I have been to this site many, many, many times. More times than I can even count...to look at your picture, to simply say a prayer, think back to Pimlico Road when we were carefree, and to sometimes see how everyone is coping with the loss. I have been away for quite sometime, but I have never, ever forgotten you. We were thicker than thieves, and you were and will always be the best cousin that I have ever had. It took me a very long time to cope with the loss of my mother, and when you passed away it was so devastating. I now rest better knowing that the two of you are now together. I prayed for your girls, because no one knows what it's really like to lose a mother until it has happened to them directly. It is like losing your whole world. As time has passed, I am doing quite well. I'm not the same person that I used to be. You would be so shocked, and I know that my mother is very proud. I have learned a lot, have asked God to forgive me for all of the mistakes that I have made in my life as a young girl and as a young adult. As you can see by looking down on me, God has been very good to me. He knows that I have a good heart, and that I never want to hurt anyone. I just had to learn things the hard way, make mistakes, and grow up. The best part of it all, is that I learned a lot from those mistakes, and what I've learned has made me a much better person. When I lost my mom, I felt alone in this world; sometimes I still do. Growing up with no brothers or sisters is a very hard thing to do. Anyway, I am sitting here in my office, smiling at your picture - and I decided that today is the day that I would write. I miss you more than you could ever know; but I take that back, you do know. I stopped visiting my mom's gravesite several years ago, because it was just too painful. Instead, I just try to live a life that I know that she would be proud of, and do good things for other people. I know that makes her heart smile. I can literally see the two of you having a conversation saying "would you look at her now". One of the most important things that I have learned in this life, is that you should love, cherish and show appreciation for those that you love while they are here on earth, and while you still have a chance, because you are left to live with what you should have and could have said or done, for the rest of your life. Too many times we are so judgmental

*of each other, when actually, we are all the same; nobody's better and nobody's worse. Everybody in life makes mistakes and does things that they look back on and wish that they could take back. It's all a part of growing up. So, for Mika & Toya, if you are reading this, and I'm sure that you will one day - Don't worry about the people who talk. Stick together, and don't ever let anything or anyone come between what the two of you have, and that is sisterly love. Do good things for each other always, and always have each others back no matter what. Life is short, and tomorrow is not promised to any of us. Strive to be great, reach for the stars. You can do anything that you set your mind to. Look at Tonya....I'm so proud of her, I can't even begin to tell you - She is the BOMB. More than anything, Paulette and Wanda would want me to tell my family, that I love them, miss them and think about them all of the time. If something were to happen to me today or tomorrow, 3 important people in my life are pleased to know that I took a big step to write today. God, Paulette and Wanda, and that's good enough for me..... Wanda, I just had a birthday, I turned 41 - can you believe that? But I don't look a day over 18 hahaha...For those of you in my family that I grew up with and was very close with...I want you to know that I am ok. I am a Corporate Executive with an architectural/engineering firm, I am a real estate agent in Maryland and Virginia, and I no longer live in Baltimore, Maryland. I am now married to a wonderful man, who is a doctor. I have 4 kids...Ki-Ki, Cierra, Pixie & Trio. Ki-Ki and Cierra are my 2 dogs, they are*

“ *Wow, I am sitting here at work (supposed to be working) and I just thought of you. I decided to check this site just because. It is so hard to believe that 2 years have almost passed since I have had the pleasure of hearing your voice or seeing your bright smile. I still have the last few emails from you archived. Life is strange. Things happen and sometimes it is so hard for us to understand "why". Wanda I miss your daily forwards at work, I miss your popcorn eating, and ice crunching. It is these small and seemingly insignificant things that when it boils down to it, are the things that people remember most about us. Wanda, my cousin, I cherish every moment that I have ever spent in your company. You are truly missed by me and those who loved you. -Tonya##imported-begin##Tonya##imported-end##*

“ My deepest sympathy during your time of sorrow but know that the God of comfort is with you all during this time of tribulation. (2Corinthian 1:3-4) Due to the many unforeseen occurrences that brings tragedy to our lives Jehovah God promises one day soon Death will be no more (Rev 21:3-4) and his son have been given the authority to bring all those in the memorial tombs back to life. John 5:28-29 Just think there will come a time not only will death be no more but Jehovah promises that no one will have to say I'm sick according to Isaiah 33:24. I feel the need to express these words of hope because so many of us today treasure the gift of life and we do all we can to maintain it to hold on to it. That is why it hurts so badly when our loved ones die. With so many of us desiring life today no matter how good or bad it is we still want life here on earth. No one looks forward to that time of death. That is why I am under obligation by the spirit and love of God to share that hope that is in our near future that the righteous shall inherit the earth and reside upon it forever according to Psalms 37: 29 along with the above stated promises on a paradise and peaceful earth. We all can hold true to this everlasting promise because Isaiah 55:11 states all the words Jehovah have spoken WILL NOT RETURN WITHOUT RESULTS. What a wonderful prospect for our future especially enlight of the fact that Hebrews 6:18 States of God, it is IMPOSSIBLE for him to lie.##imported-begin##Carter##imported-end##

“Hi Wanda, Girl I am mad, I just typed a whole letter to you and lost the whole thing, now I have to remember what I sad. Well to start off, I miss you girl. You know we were never real close where we actually talk to each other and express how we felt but that's ok I know you loved me as I loved you. You know girl three years ago you and I shared a day together, you left us on that day and I celebrated my anniversary that day, or I was suppose to . Now look we are doing the same thing again. Ok now let take girl talk, Ricky and I just brought a new house. He makes me mad sometimes because he won't do as I say. You know I was always mad when I didn't get my way, I think thats because you all use to leave me out of things. Well, now Scooter, our brother he and I have gotten a little closer, He calls me all the time to tell me he have a headache, or he feels as if he's having a heart attack, or because he has a cold. What I suppose to do I don't know, but I just give him some suggestion and I guess that makes him feel better. I love him, and I am glad we have become closer. As for that sister of ours, well we haven't been mad with each other lately. I think that's because she have those grandchildren who keep her busy now. I love her, and maybe I will get around to tell her one day. As for our mother, I just don't know, I think she misses you the most. I feel bad because I don't take that little extra time with her like I use to but you know that man name Ricky, the one I married just keep me mad all the time. But girl, I'm not going anywhere. I will never be able to find anyone who would put up with my attitude. Why, because people don't under me. You see I want so much in life and I try hard to get it and I just can't let no one hold me back. Well girl, lets talk about those daughters of your. That Toya , she's trying real hard to keep strong, I sometime grab her and kiss her and she just smiles because she know I am going to do it. I just want her to know that I love her and will always be here for her. That other girl Mika, she's in a world of her own. I love Mika because she is just having fun with life. I think sometimes she feel left out but I will always be there for them both. Well girl I think I have just said more to you than I have in, I don't know how long. Now that I know I can come here and talk with you when ever, you will be hearing from me more

*often, just do me a favor and don't try to answer me, I will than be with you. Well Wanda, I hope you will continue to do what your doing and that is keeping us all together because that is what we needed, just tell the other two to listen to me because I am now the big sister(ha! ha!). And please send that man of mine a sign to let him know this girl is not going to wait forever, I want my house finished now. LOVE YOU BIG SIS, WILL SEE YOU IN 50, I NEED TO STAY HERE AND KEEP EVERYONE TOGETHER.*
