“ I am forever grateful to God for you being in our lives. Thank you for your teachings and encouragement and most of all your love. I thank God that he graced me to be able to care for you and mom. Today, seventeen years ago, God called you home and there's not a day that goes by that we don't miss your singing, booming voice and life's lessons. Dad, you are missed and forever in our thoughts. Love your baby girl Travis.

“ I would like to send my condolences to the family for your loss. The bible offers the wonderful hope of the resurrection for our loved ones who have died, because it is God's purpose for people to live eternally in peaceful and secure conditions. Death was never a part of his purpose. Death only entered the picture when Adam and Eve sinned against Jehovah's arrangement, and passed this legacy of sin and death to all mankind. but through his son Christ Jesus, all the dead in his memory will be brought back to life. 1st Cor 15:22 tells us: "For just as in Adam all are dying, so also in the Christ all will be made alive." Jehovah, out of his great love for us will see that his purpose is carried out. Isaiah 55:10,11. May you find much comfort and strength in the holy scriptures, and may your cherished memories of Willie be a source of joy for you to reflect on during the coming days.##imported-begin##R Johnson##imported-end##

“ I would like to express condolences to you all in your recent loss of Mr. Willie of 78 years. Today, we all are affected by death and the effects. We can be happy to know in the future no one will ever die again, something to think about. Our heavenly father is always there for you all in your time of sadness and pain. The model Lord's Prayer helps so much because "Jehovah God will be doing on earth as it is in Heaven will mean Peace and No more dying for mankind ever again. I am looking forward and I know you all are too. May all the happy and cherished times spent with Mr. Willie help to sustain and support you all in the journey ahead.##imported-begin##Lillian Crosby##imported-end##
